

WHO WE ARE

We offer many business opportunities and provide strong expertise to HNWI and UHNWI, their families and companies. We assist our clients at each stage of their personal and business projects.

Working with a carefully selected network of banking and professional partners, we ensure a seamless and discreet process for our clients. From the initial planning stages to full operational implementation, we provide tailored solutions designed to meet the highest expectations.

Our boutique structure allows us to offer a highly personalized service. Our multilingual team combines deep local expertise with an international perspective, guiding our clients with discretion, efficiency and precision.

OUR SERVICES AND SOLUTIONS

At LP Office, we assist high-net-worth individuals, entrepreneurs and international families in establishing their personal and professional presence in Monaco. Our expertise covers private and corporate relocation, company structuring, and strategic fiscal and economic guidance within the Principality's unique regulatory environment.

Relocation and Residency Application

- Relocation planning and residency application process
- Assistance with the long-stay Visa D for non-EU citizens
- Direct communication and follow-up with Monaco and French authorities
- Review and preparation of compliance and AML pre-requirements
- Pre-relocation tax planning and strategic advisory
- Analysis of applicable bilateral tax treaties

Professional Relocation and Business Set-up

- Strategic advisory for commercial activities
- Structuring and preparation of the business setup project
- Preparation and submission for Ministerial Authorization
- Assistance with the required business plan and supporting documentation
- Liaison and coordination with Monaco authorities
- Guidance on corporate structuring and regulatory requirements

Tax and Economic Advisory

- Tax and economic planning for individuals and businesses
- Identification of tax risks in existing and planned transactions
- Analysis of clients' needs from a tax and economic perspective
- Review of substance and economic reality of structures
- Analysis and assessment of the current tax and economic status of individuals or companies
